

Standards for CCTV installers, maintainers and manufacturers

This is a list of relevant British, European and International standards for installers, maintainers and manufacturers of CCTV.

Main standards

- [British Standard on the minimum requirements for a Video Surveillance System \(BS EN 62676-1-1\)](#) (PDF, 12.3KB, 1 page)
- [British Standard on requirements for the selection, planning, installation, commissioning, maintaining and testing of CCTV systems \(BS EN 62676-4\)](#) (PDF, 12.4KB, 1 page)
- [British Standard on security, performance and connectivity of video transmissions \(BS EN 62676-1-2\)](#) (PDF, 11.7KB, 1 page)
- [British Standard on the design, installation, commissioning, maintenance, operation and remote monitoring of detector-activated CCTV \(BS8418\)](#) (PDF, 11.7KB, 1 page)

Other relevant standards

These standards may be required depending on the installation.

- [British Standard on setting out specifications for how devices work together and connect across a network \(BS EN 62676-2-1\)](#) (PDF, 12.2KB, 1 page)
- [British Standard that specifies a method of connectivity for IP video transmission devices using HTTP and REST services \(BS EN 62676-2-2\)](#) (PDF, 11.7KB, 1 page)
- [British Standard that specifies a method of connectivity for IP video transmission devices using web based services \(BS EN 62676-2-3\)](#) (PDF, 12KB, 1 page)
- [British Standard on how digital and analog devices exchange information \(BS EN 62676-3\)](#) (PDF, 11.7KB, 1 page)
- [British Standard on conducting the security screening of individuals \(BS7858\)](#) (PDF, 11.9KB, 1 page)

Standards for public space CCTV control rooms/operators

This is a list of relevant British, European and International standards for public space control rooms and operators of CCTV. These standards can also be of use if you run a private CCTV control rooms or use cameras to monitor private (eg commercial, retail, education) premises where members of the public have access.

Main standards

The following standards offer best practice for control rooms

- [British standard setting out recommendations on the management and operation of CCTV systems \(BS7958\)](#) (PDF, 17KB, 1 page)
- [British Standard on the design, installation, commissioning, maintenance, operation and remote monitoring of detector-activated CCTV \(BS8418\)](#) (PDF, 11.7KB, 1 page)

Other relevant standards for control rooms

The following standards may be applicable to control room managers responsible for CCTV contractual requirements

- [British Standard on the minimum requirements for a Video Surveillance System \(BS EN 62676-1-1\)](#) (PDF, 12.3KB, 1 page)
- [British Standard on security, performance and connectivity of video transmissions \(BS EN 62676-1-2\)](#) (PDF, 11.7KB, 1 page)
- [British Standard on setting out specifications for how devices work together and connect across a network \(BS EN 62676-2-1\)](#) (PDF, 12.2KB, 1 page)
- [British Standard on requirements for the selection, planning, installation, commissioning, maintaining and testing of CCTV systems \(BS EN 62676-4\)](#) (PDF, 12.4KB, 1 page)

Other relevant standards for contractors

- [British Standard setting out recommendations for the management, staffing and operation of an organisation providing security guarding services on a static site and/or mobile patrol basis \(BS7499\)](#) (PDF, 11.8KB, 1 page)
- [British Standard on conducting the security screening of individuals \(BS7858\)](#) (PDF, 11.9KB, 1 page)

Standards for private CCTV monitoring companies

This is a list of relevant British, European and International standards for private monitoring companies of CCTV monitoring public space CCTV.

Main standards

- [British Standard on the construction, facilities and ongoing review of centres used to receive signals from alarm systems \(BS8591\)](#) (PDF, 11.6KB, 1 page)
- [British Standard on the design, installation, commissioning, maintenance, operation and remote monitoring of detector-activated CCTV \(BS8418\)](#) (PDF, 11.7KB, 1 page)
(Note: This standard is only applicable if the control room monitors detector activated cameras)
- [British standard setting out recommendations on the management and operation of CCTV systems \(BS7958\)](#) (PDF, 17KB, 1 page)
- [British Standard remote centres receiving signals from fire and security systems \(BS5979\)](#) (PDF, 11.6KB, 1 page)

Other applicable standard

The standard below may be required depending on vetting requirements

- [British Standard on conducting the security screening of individuals \(BS7858\)](#) (PDF, 11.9KB, 1 page)
